

# Corrosion Of Conformity, Zippo

Amplified on fire, strapped to take you higher  
Queens appear, strapped you made it clear

Is everybody with me, is everybody cool  
Is anybody lazy, am I the only fool ?

Hell yeah maybe you a roc n rolla  
Hey, hey maybe I should of been coldah  
Ditch that wish and sell your soul

Is everybody with me is everybody cool  
Is anybody lazy am I the only fool ?

That's what makes it so damn hard to find her  
I was down beat crazy, lumps to make it hazy  
Ride on fear, wings they disappear

Is everybody with me, is everybody cool  
Is anybody lazy, am I the only fool ?

Hell yeah maybe you a roc n rolla  
Hey hey maybe I should of been coldah  
Ditch that wish and sell your soul

I was down town freaky, strapped you made it tricky  
Heads go under, sho ruff gonna roll you over

Is everybody with me is everybody cool  
Is anybody lazy am I the only fool ?

Hell yeah maybe you a roc n rolla  
Hey, hey maybe I should of been coldah  
Ditch that wish and sell your soul

Ditch that wish and sell your soul  
Life that touch and make your body rockah  
Make yo body rockah...Make yo body rockah...
