

Cosmic Gate feat. Jades, Seize The Day

When it comes to the point and theres no tomorrow,
When everything you own is more or less borrowed,
When it comes to the point and theres no tomorrow,
And everything you own is more or less borrowed,
Will you be walking in my shoes,
Will you be walking in my shoes,
And seize the day,
hang on every word,
but dont you hesitate,
until it all fades away,
Well you should have known this from the beginning,
Holding it back is worse then giving,
Will you be walking in my shoes,
Will you be walking in my shoes,
Nooooooooo-oooooooo-ooooo-oh
When it comes to the point and theres no tomorrow,
When everything you own is more or less borrowed,
When it comes to the point and theres no tomorrow,
And everything you own is more or less borrowed,
Will you be walking in my shoes,
Will you be walking in my shoes,
Hayyyyyyyyyyyyyyyyyy-ayyy
And seize the day,
hang on every word,
but dont you hesitate,
until it all fades away,
Well you run from the things that you cant leave be,
Time of our lives theres you and i,
dont you hesitate just be there in time,
you know that, so will, so will...
Will you be walking in my shoes,
Will you be walking in my shoes,
Will you be walking in my shoes,
Will you be walking in my shoes,
