

Cosmo's Midnight, Can't Do Without (My Baby)

I can't do without my baby
I can't do without my baby
I can't do without my baby
I can't do without my baby

Can't do without my baby
Can't do without my baby
Can't do without my...

Can't do without my baby

Said you got something and I have too
You got me and I believe I got you, girl
You got that devotion for the rest of your years
If I'm right there, then whatever it is girl

I can't do without my baby
I can't do without my baby
I can't do without my baby
I can't do without my baby

Can't do without my baby
Can't do without my baby
I can't do without my baby
I can't do without my baby
Can't do without my...

Can't do without my baby
