

Count The Stars, Fireflies

Sometimes I could know about
things that you'll never know
Like where we descend,
at the times that we end,
like where we descend....

Where we gonna go if your delicate soul
says the things you care,
tell me all the things that I need to know,
about the ups and downs, I'm taking over.

Her eyes light up like fireflies,
and I love to see her eyes.
Her eyes light up like fireflies,
and I can't wait to see her.

Sometimes we oughta find a good day
cause we might just find a better place to lay,
just to bring you back.

Where we gonna go if your delicate soul
says the things you care,
tell me all the things that I need to know,
about the ups and downs, I'm taking over.

It's not that I don't care at all,
it's just that I can't watch you go.

Her eyes light up like fireflies and I can't wait to see her....

Her eyes light up like fireflies,
and I love to see her eyes.
Her eyes light up like fireflies,
and I can't wait to see her.

If you want it more than you can fit inside your hand
and all I got some things to learn and you my friend to comprehend.
If you want it more than you could fit in your hand.....
your hand.....

Oooooooooohh.....
