

Counting Crows, Have You Seen Me Lately?

get away from me
just get away from me
this isn't gonna be easy
but i don't need you
believe me
yeah, you got a piece of me
but it's just a little piece of me
an' i dont need anyone
and these days i feel like i'm fading away
like sometimes when i hear myself on the radio

have you seen me lately?
have you seen me lately?
have you seen me lately?

i was out on the radio starting to change
somewhere out in America
it's starting to rain
could you tell me one thing you remember about me
and have you seen me lately?

i remember me
and all the little things
that make up a memory
like she said she loved to watch me sleep
like she said,
"it's the breathing
it's the breathing in and out and in and out....."

have you seen me lately?
have you seen me lately?
have you seen me lately?

i was out on the radio starting to change
somewhere out in America
it's starting to rain
could you tell me the things you remember about me
and have you seen me lately?

You know i thought someone would notice
i thought 'ah, somebody would say something'
if i was missing
well can't you see me?
come on color me in
come on color me in
come on color, come on
come on come on
give me your blue rain
give me your black sky
give me your green eyes
come on give me your white skin
come on give me your white skin
come on give me your white skin

cause i was out on the radio starting to change
somewhere out in America
it's starting to rain
could you tell me things you remember about me
and have you seen me lately?
have you seen me lately?
have you seen me lately?
