

# Country Joe McDonald, Acid Commercial

Hands up Charlie and-uh...  
Now if you're tired or a bit run down,  
Can't seem to getcha feet off the ground,  
Maybe you oughta try a little bit of L.S.D.  
Only if you want to  
Shake your head and rattle your brain,  
Make you act just a bit insane,  
Give you all the psychic energy you need  
Eat flowers and kiss babies  
L.S.D.  
For you and me!
