

Country Joe McDonald, Acid Commercial

Hands up Charlie and-uh...
Now if you're tired or a bit run down,
Can't seem to getcha feet off the ground,
Maybe you oughta try a little bit of L.S.D.
Only if you want to
Shake your head and rattle your brain,
Make you act just a bit insane,
Give you all the psychic energy you need
Eat flowers and kiss babies
L.S.D.
For you and me!
