

Course Of Nature, 1000 Times

I wasn't sure of when
But I knew there'd come a time
When I would feel this way about someone
And always need them by my side
You could make me want to leave the one I'm with
And I never wondered why
If I was ever giving something else
I'd give it back 1000 times
There is just something hard for me to grasp
How it was I could survive
If I would have to live my life without
1000 times
I've felt so strong for you ever since
The day you caught my eyes
And I can't help but wonder if my life
Is turning upside down this time
