

# Courtney Jaye, Love Song (For Everyone)

It overtakes me  
It levitates me  
And lifts me up so high  
It makes me wonder  
It pulls me under  
And gives me butterflies  
Now I'm surrounded  
Now I'm awake  
I can be sure  
I'm in love... with everyone  
I'm in love... with everyone  
Sorrow shook me  
Love overlooked me  
For the longest time  
But the fog is lifted  
The clouds have drifted  
My heart is open wide  
I don't know your story  
I don't know your name  
But I know I'm sure

[Chorus]

I wish that I could  
Tell you I would  
Slow down and commit  
But the world is so big  
And full of life you can't hold in  
And I have so much to give

[Chorus]

[Chorus]

Every strong and steady man  
Open heart and open hands  
One I think about each time  
It makes me close my eyes and smile  
Like a best friend or savior  
One who is on his best behavior  
Firecracker troublemaker  
You know who you are  
Every rider on the waves  
Every rockstar I have saved  
Every boy who loves his girl  
Every person in the world
