

# Courtney Love, Hit So Hard

Put me up above the boy  
The one I love I should destroy  
My sweet tooth has burned a hole  
Forget about it all

He hit so hard  
I saw stars  
He hit so hard  
I saw god

He's so cold give him a candycoat  
He can't swim but he can float  
One by one they all fall down  
I look at him and drown

Hit so hard  
I saw stars

He hit so hard  
I saw god

He's so candy my downfall  
Melts in my mouth 'til he's nothing at all  
This keeps me, I can't sleep  
He rages to be true

Hit so hard  
I saw stars  
He hit so hard  
I saw god

Oh, man, he hit so hard  
I saw stars  
He hit so hard  
I saw god
