

Crack The Sky, The Techni Generation

Disco roller frisbee punk rockers
We can be just like you
It's a changing world
Everything changes
Seasons and everything changes just like you
It's a strangeling world
All the little baby strangers
Everyone trying to be a little bit stranger than you
We're the Techni Generation

Disco roller frisbee punk rockers
We can be just like you

It's an A.M. world
I am you am we A.M.
No one cares about frequency modulation anymore
We're the Techni Generation
We're so technical
We can be just like any other generation
We can be just like you
We're the Techni Generation

Disco roller frisbee punk rockers
We can be just like you
