

Crackout, Mr Rabies

This one's for Mr Rabies
And I know that you don't like me
I know you really hate me
And I'll do what ever I might be now
I'm falling everybody
And I'll keep going the wrong way
I'm going where I would be
And I'll keep going, going the long way
Big bang, you sang everything you can
Know I'm against this, this time
Right, damn right, nobody's that tight
You know I'm against this, you lie
