## Cradle of Filth, A Crescendo Of Passion Bleeding

Spells lay daggers before me passion speaks in grue vehement stabs Trance my eyes, fix my focus to pain the tumour grows until the enemy is slain (Gut The Church) Slightless storm knee-deep in hate I seeth my purpose here has woken to breath Total war on the brethren of Men millions regardless dying by my hand A Black Age Of Fire brief in its vicious eloquence removing the dross love will arise from the ashes of your loss Then and only then will the pleasure of Eden be mine and the sinews of life itself will be tied in the very veins of my bloodline And their tears taste like wine... I will rule as a king and the Goddess will sit as my guiding Queen in the glory of the earth our crowns are studded with the jewels of blasphemy The blood is the life! I seek to evoke a new order in Man a flood of compulsion to resurrect Khem the lion is vexed to uproot and descend Chaos my steed in the thick, clinging dust tempering weapons of criminal lust I hold sway from the East to fulfill prophecies thinning the cause as fresh cells to disease The blood is the life! Even the moon will not lend thee her light the darkness serves will to snuff out human life that I might reclaim the world as my right I kill without scruple or silent regret in haunts of the sinister lunar aspect for I am the pleasure that comes from your pain tiny red miracles falling like...rain The incessant pall of death surrounds me but this is not the part of me that wishes to breed there will be no dread thereafter the mysteries I reveal unto thee I stir the hearts of the wisest by the fools I will always be feared my Kingdom feeds off their slaughter... A crescendo of passion bleeding... on the pale reflection of dawn Devour The Sun " The Great Man of his time is He who expresses the Will of his time; who tells his time what it wills; and who carries it out" Hegel
