

# Cradle of Filth, Mater Lacrimarum

Mother X3

Mater Lacrimarum X2

Hail to the Queen of rare delights

Malefic and tragic

Are the strings of her magic

Screaming through the night

She is sex and death and more

The scent of evil in the glittering city

A virgin and a whore

For the horns of blasphemy

(Mater) She's Our Mother Of Tears

(Lacrimarum) The howling on the wind

(Mater) She's the lover of all our fears

(Lacrimarum) Mater Lacrimarum

Mother

Hail to the Goddess of the storm

Dancing on the abyss

In a blaze of light

A darkened star reborn

When the moon hangs in the sky

Sabbatical and fatter than the blood red sunset

Know the reason why

The heavens burned today

(Mater) She's our Mother Of Tears

(Lacrimarum)

(Mater) She's our Mother Of Tears

(Mater) She's our Mother Of Tears

(Lacrimarum) The howling on the wind

(Mater) She's the Mother Of Tears

(Lacrimarum) The more in mortal sin

(Mater) She's Our Mother Of Tears

(Lacrimarum) Chaos in the cosmos

(Mater) She's the lover of all our fears

(Lacrimarum)
