

Craig David, What`s changed

Hey, baby

Oh tell me, babe

Why do you wanna play these games with me?

Thought you always wanted to be with me

Verse 1

Well at first girl, I wanted to

But things have changed between me and you

That's why I don't know what I'm gonna do

Lately, you say I been acting kinda strangely

Like I don't love you no more

You say "call me" (call me call me call me)

But I just can't explain

It's all so crazy

Between me and you, baby oooooooh

And even though at first you meant the world to me (world to me)

The time has come to spread my wings and be set free (be set free)

So I can figure out a place where I belong (I belong)

To find my way home now love is gone (girl, now that love is gone)

Now baby singing...

Why don't you call me no more?

It was every night you were calling me before

Given half a chance, you'd be knocking at my door

So, tell me what's changed

Baby, tell me what's changed

Why don't you give me some time

Tell me, cuz I can't get you out of my mind

But up until now, we been doing just fine

So, tell me what's changed

Baby tell me what's changed

Baby (baby) Baby

Since we met, I've treat you like a lady

But now I don't know what to do

I think maybe (maybe maybe maybe)

It's just that my well for you has run empty

What am I gonna do, baby? (ooooh oooooooooh)

And even though at first, you made me so happy (so happy)

My love for you has changed, so put the blame on me (blame on me)

Under pressure, it's too hard for me to stay (to stay)

And I get so guilty when you page me everyday, with hope

Why won't you answer my page?

It was you who said things were never gonna change

And it seems like lately you're acting kinda strange

So, tell me what's changed

Baby, tell me what's changed

Why can't you even pass by?

Spend some of your time, even just to say hi

You're not the type of guy who would make a girl cry

So, tell me what's changed

Baby, tell me what's changed

Girl, I know

It seems like I don't care (I don't care)

After all the things we used to share (after all the things we used to share)

Now I know it feels like I've done you wrong (done me wrong)

But the pain will heal the sooner that I'm gone (I'm gone, I'm gone, girl) (ooh ahhhh)

Baby singing...

Why don't you call me no more? (oh girl)

It was every night you were calling me before (I guess I shoulda told you, yeah)

Given half a chance, you'd be knocking at my door

So, tell me what's changed (cuz now I don't know what I'm gonna do girl)

Baby, tell me what's changed

Why don't you give me some time? (said give me some time)

Tell me, cuz I can't get you out of my mind (can't get you off of my mind, no)

But up until now, we been doing just fine

So, tell me what's changed

Baby, tell me what's changed (saying now tell me what's changed, baby)
Why won't you answer my page? (because sometimes things, they change, yeah)
It was you who said things were never gonna change
And it seems like lately you're acting kinda strange (don't you know)
So, tell me what's changed (tell me tell me whats changed)
Baby, tell me what's changed
Why can't you even pass by? (oh girl)
Spend some of your time, even just to say hi (don't you know)
You're not the type of guy who would make a girl cry (things ain't the same)
So, tell me what's changed
Baby, tell me what's changed
Girl, I never meant to make you cry (yeah, babe)
But its so hard to find the words to say (I wanna know what's changed, babe)
So I never wanted girl, to hurt you (mmmmm)
Ooooooh no, girl please believe me (oooooh yeah ahhh)
