

Craig David, Yes (feat. Carmen Reece)

Oh, wait a minute, what'd you do, got me feeling
So high, I'm in heaven every time
Right from the beginning, me and you on a rhythm
So tight, you're a blessing in my life

See when it comes to us, baby the seasons don't change
Got that spring time blush, summer, winter, fall thing
But these leaves ain't falling down, these leaves stay all year round
He called us, cheered for us, here's to love, love, love, love

I never knew until now
What the meaning was to love, what the meaning was to fall
I'm better with you no doubt
If you ask me one on one till forever will I go

I'ma say yes, I'ma say yes
I'ma say yes, to love, love, love, love
I'ma say yes, I'ma say yes
I'ma say yes, to love, love, love

Oh, what a moment, look at you, see you glowing
So bright, I'm emotional tonight
'Cause I had to be better, did the work, found my treasure
Gold mine, dig deep and you shall find

See when it comes to us, baby the seasons don't change
Got that spring time blush, summer, winter, fall thing
But these leaves ain't falling down, these leaves stay all year round
He called us, cheered for us, here's to love, love, love, love

I never knew until now
What the meaning was to love, what the meaning was to fall
I'm better with you no doubt
If you ask me one on one till forever will I go

I'ma say yes, I'ma say yes
I'ma say yes, to love, love, love, love
I'ma say yes, I'ma say yes
I'ma say yes, to love, love, love
To love, love, love

I never knew until now
What the meaning was to love, what the meaning was to fall
I'm better with you no doubt
If you ask me one on one till forever will I go

I'ma say yes
I'ma say yes
I'ma say yes, I'ma say yes (ooh yes)
I'ma say yes, I'ma say yes (ooh yes)
