

Craig David, You don

As I sail with you across the finest oceans
on our way to find the key to our emotions
together we will move the clouds to brighter days
some people question what I say try to break up you and me
but I know this love between us is growing stronger
you can call me whenever from wherever just remember that
I'll be there through all the stormy weather
us break up never, no, well be together forever
You don't miss your water til the well runs dry
but I believe so strongly in you and I
can't somebody answer me the question why
you don't miss your water til the well runs dry
as I close my eyes sit back while reminiscing
of when we used to fuss & fight but end up kissing
there may be sad & painful full times along the way
but in my heart you'll always be, everything and more to me
For I know this love between us is growing stronger
you can call me whenever from wherever just remember that
I'll be there through all the stormy weather
us break up never, no, well be together forever

CHORUS

for you are always on my mind, you are always on my mind
girl you know that you
you are always you're always on my mind
you are always forever
chorus(*2)
if you ever get the feeling
you wanna play around start cheating
remember you don't miss your water til the well runs dry
