

Craig Morgan, When You Kiss Me

this could be it
i think im in love
its love this time
it just seems to fit
i think im in love
this love is mine
i can see you with me when im older
all my lonely nights are finally over
you took the weight of the world off my shoulders
(oh the world just goes away)

oh when you kiss me
i know you miss me
and when you're with me the world just goes away
the way you hold me
the way you show me that you adore me
oh when you kiss me

you are the one
i think i'm in love
life has begun
i can see the two of us together
i know im going to be with you forever
love couldn't be any better
(oh the world just goes away)

oh when you kiss me
i know you miss me
and when you're with me the world just goes away
the way you hold me
the way you show me that you adore me
oh when you kiss me

i can see you with me when i'm older
all my lonely nights are finally over
you took the weight of the world off my shoulders
(oh the world just goes away)

oh when you kiss me
i know you miss me
and when youre with me the world just goes away
the way you hold me
the way you show me that you adore me
oh when you kiss me

the world just goes away
