

Cranes, September

If you just
If you just hold on to me
It would make me happy
If you just hold on to me
I won't feel so empty

With our eyes closed tightly
Just as close as we can be
Like a rainbow made just for me
Oh, these times were precious to me

Overwhelming happy dreams
I'd close my eyes and make believe
Like in summer, all the leaves
Blew and all would fall down the stream

Overwhelming beautiful dreams
And I can't feel
And I can't sleep
And I can't hear
And I can't see

And if I never feel again
And if this is truly the end
Then you better say goodbye

But I loved you
Just wanted you to know
I'm so sorry I never told you so

I've loved you
Just wanted you to know
So sorry I never told you so

I've loved you
Just wanted you to know
So sorry I never told you so

I've loved you
Just wanted you to know
So sorry I never told you so
