

Cranes, Tangled Up

Time again
There's time my friend...
And time will never end

You'll be free my love
You'll be free my love
Do you see our love ?
Do you see our love ?

Oh, honey...honey
honey...honey

Can you see our love ?
Do you feel our love ?
To be free my love
To be free my love...

Can you feel our love ?
Can you feel our love ?
I can feel your love
I can feel your love...
