

Cranes, To Be

Time again
There's time my friend ...
And time will never end

You'll be free my love
You'll be free my love
Do you see our love?
Do you see our love?

Oh, honey ... honey
Honey ... honey

Can you see our love?
Do you feel our love?
To be free my love
To be free my love ...

Can you feel our love?
Can you feel our love?
I can feel your love
I can feel your love ...
