

# Crash Romeo, Heavens When

What you don't know won't hurt you  
but will kill you in the long run,  
i'm sick of wasting all my time  
as i slip through your fingers.

you got what i need  
you led me on  
you got what i need  
you got a hold on me

i'll keep trying but i'm losing my patience  
i can't even take this anymore  
and i'll keep trying but your suddenly changing  
i can't even take this anymore,  
you nailed my heart to your front door

This time i won't let my guard down ( let my guard down )  
this is a story about a girl who ran  
ran so far away  
until she can't be chased  
you left me why did you,

this is the last time that you'll see me  
this is what you get for breathing.  
this is for all of your goodbyes

this is the last time that you'll see me ( you would have never knew )  
this is what you get for breathing ( i hate you )  
this is for all of your goodbyes ( you would have never knew) (i hate you )

you would have never knew ( whatever was said now in new jersey )  
I hate you. ( all your bullshit )  
you would have never knew ( all you stories )  
I hate you.

You got what i need  
you led me on  
you got what i need  
you got a hold on me

i'll keep trying but i'm losing my patience  
i can't even take this anymore  
and i'll keep trying but your suddenly changing  
i can't even take this anymore,  
you nailed my heart to your front door  
your front door  
your front door has never looked so good

you got what i need  
you led me on you got  
what i need.
