

# Crash Test Dummies, Filter Queen

Brad:

She is the queen, oh yeah, alright  
Long live the queen, oh yeah, alright

Ellen:

It's not that I'm so tricky  
It's not that I'm so dumb  
It's not that I'm a filter queen  
That sucks up all the scum

Put two and two together  
Put on a little salt and pepper, baby  
Put two and two together  
Put on a little salt and pepper  
Let's have a little get-together, baby

We played some little tricks  
And told some stupid lies  
I've spent some time with filter queens  
And baked some apple pies

Put two and two together  
Put on a little salt and pepper, baby  
Put two and two together  
Put on a little salt and pepper  
Let's have a little get-together, baby

Brad:

She is the queen, oh yeah, alright  
Long live the queen, oh yeah, alright

Ellen:

I like the smell of your upholstery  
I like the polish on your hood  
So flip the switch on this filter queen  
And I'll do what I do so good

Put two and two together  
Put on a little salt and pepper, baby  
Put two and two together  
Put on a little salt and pepper  
Let's have a little get-together, baby

Brad:

She is the queen, oh yeah, alright  
Long live the queen, oh yeah, alright

Ellen:

Put two and two together  
Put on a little salt and pepper, baby  
Put two and two together  
Put on a little salt and pepper  
Let's have a little get-together, baby
