

Crash Test Dummies, I'm The Man (That You Are)

Here's a nasty little queen

There's a boy who loves his mother

Here's another operator

Thinkin' that he's got it covered

You're in a jam

You're tied up in knots

And I'm the man

That you are not

Yeah, I'm the man

That you are not

Here's some white boy doin' time

There's one that got out

Here's another brother who seems to think

He knows what it's about

You're in a jam

You're tied up in knots

And I'm the man

That you are not

Yeah, I'm the man

That you are not

I'm the one just sittin' back

Waitin' here alone

I stay inside and shut the blinds

Do everything by phone

You're in a jam

You're tied up in knots

And I'm the man

That you are not

Yeah, I'm the man

That you are not
