

# Crash Test Dummies, Party's Over

Oooh, there's so much fun  
Oooh, there's so much fun

The party's over, baby  
The businessmen are waking up  
Its time to go now, baby  
Lets move on out and shake it up  
At my place...

Well fun time's over, baby  
The stupid sun is coming up  
But we can beat it, baby  
Lets shut the blinds and make it up  
At my place...

Gonna make it alright, baby  
Going out like a light, baby  
Oh yeah, alright, baby

Its a jungle out there, baby  
Those businessmen are shaking it up  
Sometimes they fight each other, baby  
But later on they're making it up  
At my place...

I'm suffering out there, baby  
I'm itching and crying, I want a thumb to suck

I think you got one for me, baby  
Lets get it on and head on up  
To my place...

Gonna make it alright, baby  
Going out like a light, baby  
Oh yeah, alright, baby

It's a nightmare out there, baby  
The g-men are all covering it up  
Sometimes they cry together, baby  
And no one sees when they pucker up  
At my place...

When the end is coming, baby  
We'll all be crying and lighting up  
But I intend to stop it, baby  
So grab your bag and come on up  
To my place...

Gonna make it alright, baby  
Going out like a light, baby  
Oh yeah, alright, baby

Oooh, there's so much fun  
Oooh, there's so much fun  
Oooh, but this is so much fun...
