

# Crash Test Dummies, Sittin' On A Tree Stump

Listen to the grass that's out there blowin'  
Look at that tractor just there sittin'  
It's my name that the bottle's callin'  
Listen to the goddamn song I'm singin'

Drink your wine, listen to the crickets  
It's so fine out here in the thickets  
Sittin' on a tree stump, that's the ticket, uh-huh

Look at that doggy sittin' on the stairs  
Look at that star shinin' way up there  
Think of all the things that they're doin' in jail  
Think of all the rich ones out on bail

Drink your wine, listen to the crickets  
It's so fine out here in the thickets  
Sittin' on a tree stump, that's the ticket, uh-huh

Look at the TV, it's all crappy  
Look at the bald spot on yer pappy  
Listen to his wheatfield out there blowin'  
Hope its doin' better than his hair at growin'

Drink your wine, listen to the crickets  
It's so fine out here in the thickets  
Sittin' on a tree stump, that's the ticket, uh-huh
