

Craving Theo, Lie

Walk with me down the path of my destruction
Here I am alone waiting for you to come with me
Are you afraid of what you might learn about
the life you've destroyed not thinking of what might be

WHY, WHY, WHY

I'm what you wanted

I'm what you wanted

I'm what you wanted don't lie to me

I'm what you wanted

I'm what you wanted

I'm what you wanted don't lie to me

Left me here alone destroyed the heart I have given you
Emptiness inside is all I have left for now
Why did you run can't deny the feelings you have for me
Betrayed by this life understanding this fallen love we have

WHY, WHY, WHY

I'm what you wanted

I'm what you wanted

I'm what you wanted don't lie to me

I'm what you wanted

I'm what you wanted

I'm what you wanted don't lie to me
