

# Crematory, My Way

Do you hear my voice - it is my way  
Do you feel my coldness - it is my way  
If you call my name - it is my way

Follow me on my way  
Into our eternity  
Of emotions and thoughts

Close your eyes - for my way  
Open your soul - for my way  
Give me your thoughts - for my way

Trust lies - mistrust truth - hear silence -  
See the night

Follow me tracks of history  
Into the light of space and time  
Obey my way and be silent

Listen to my voice - it is my way  
Feel my coldness - it is my way  
Call my name - it is my way

Hearing, feeling and seeing - that is my way -  
I am your way
