

# Crematory, Tears Of Time

Tears of time - lost in the light  
Tears of pain - found in the self  
Deny your equals  
Destroy the testimony of days past  
The door of damnation open  
Reason as goal  
Destroy the beast in your thoughts  
Like the dust in your hands

Like the dust in your hands - like the dust in your hands

Tears of time - lost in light  
Tears of time - just an illusion  
Tears of time - lost in light  
Tears of time - just an illusion

Like the dust in your hands - like the dust in your hands

The call of the wind fades away in your dreams  
People who once believed in you  
Friends who trusted you  
The source of life evaporates  
Many emotions left behind  
Your dust blown away by the wind  
Many tears sown in your dreams  
Like the dust in your hands

Tears of time - lost in light  
Tears of time - just an illusion  
Tears of time - lost in light  
Tears of time - just an illusion

Tears of time - tears of time
