

# Cribs, I'm A Realist

I'm a realist  
I'm a romantic  
I'm an indecisive piece of sh\*\*

I'm a realist  
I'm a romantic  
I am indecisive and that's about it

and you dream that's the same thing  
that's the same life you lead  
I don't agree and so you drink  
don't wanna think  
that's cos your mind is already made up

I'm a realist  
I'm a romantic  
I'm an indecisive piece of sh\*\*

I admit it  
I'm up to my old tricks  
did you see her eyes (oh no I tried)  
she looked surprised

and you dream that's the same thing

that's the same life you lead  
I don't agree and so you drink  
don't wanna think  
that's cos your mind is already made up

how you dream that's the same thing  
that's the same life you lead  
I don't agree and so you  
drink don't wanna think  
that's cos your mind is already made up

no

I know that it's only a matter of time  
before you know it I'll be leaving town  
see it in my eyes  
no one will do  
no one will ever do

I know that it's only a matter of time  
before you know it I'll be leaving town  
seen it in your eyes  
no one will ever do  
no one will ever do for you
