

Crime Mob, I Love You

(chorus : 2x)
girl i love u (okay)
n i need u (aright)
i gotta have ya cause u my baby boo(whateva)

(now now now)
now sometimes u make me mad
n i wanna slap ur ass
but u kno i can not mash
do not mean to make u sad
girl u the best thing thats happened to me
cant u see what u mean to me?
i did not mean to yell
keep punch and make u bleed
remember what we used to be
remember what u did to me
u usta sex me so good
n all my boys could see
we usta hide in the back of the school
and u loved me up under the moon
now u want to sell our carz
just because u found the draw

u say u love me and u need me
but thats not the case
u talk about me to ur boys
then u smile up in my face

but baby wait
girl just think
about all the love we had

thats a mistake

now look u done made me mad
u could take back all ur clothes
and ur golden diamond rings

man dat ring cost me a g
