Criminal, Denial

(Music: Reisenegger, Contreras Lyrics: Reisenegger)

I Deny the system of hypocrisy and greed Diarrhea of empty words from faces on a screen Forcing people to support a fake democracy Filling their pockets feeding off Our people's misery

I Deny

Organized Religion Opium of the mass Promising Eternal Life Reality is death Ruled by a morality made up to keep us blind Centuries of fear to keep the power of their kind

I Deny

I Deny authorit of a uniform No rights, no freedom, brute force the only law Obeying the dictations of an invisible state Persecution Violence sowing seeds of brother?s hate

I Deny
