

Crimson Glory, New World Machine

(Music: J. Drenning, J. Lords)
(Lyrics: B. Martinez, J. Drenning)

I feel I'm becoming mechanized
World spinning before me made computerized
Separate from soul
Giving up control
Kills the man in me
In electric dreams...

From hear to eternity
From now to infinity
Destroyed...we watch you bleed
The New World Machine!!

(Chorus:)
All we are, all we need
Has become the New World Machine

Now it's time to take another step
Neuro-spike insertion cracks the chest
Input data speed
The memory exceeds
The emptiness in me
Fills an endless sea...

From hear to eternity
From now to infinity
Destroyed...we watch you bleed
The New World Machine!!
