

Criss Angel, Forever

Rage
saturates my inside
as my dreams turn to dust
Trust doesn't live there
...creeps in my head
Oh, I wish you were dead
And never, and never hurt me

Victimize
Patronize
(Patronize)
Words can't be spoken to erase
Shed my skin
To begin
Forever
Forever
It's to late for me

Feel my pain
(seep into your...)
It's to late
It's to late
Feel my pain
feel my shame
It's to late

It's to late
(forever)
It's to late
(for me, for me)
It's to late
Forever

It's to late
It's to late
Forever

Forever
Forever
