

Cristina Spatar, Go High

1)
People on the ground
Dancing like i do
Feelings all around
Waiting for you
Just close your eyes
Let your body rise
Into the light
Here by my side
Im the one
To be your sun
Feel you get to fly
Ref...(x2)
Go high
Im gonna sing on, your heartbeat
Now learn to fly
Go high
Into the land where my sorrows
Can't make you cry
2)
People on the floor
Movin' like I do
Dancing on and on
Waiting for you
Just close your eyes
Let your body rise
Into the light
Here by my side
Im the one
To be your sun
Feel you get to fly
Fly, Fly, Fly....etc
Ref...(x2)
Go high.....
