

# Crosby & Nash, I Used To Be A King

I used to be a king  
And everything around me turned to gold  
I thought I had everything  
Now I'm left without a hand to hold

But it's alright, I'm okay, how are you  
For what it's worth I must say I love you  
And in my bed late at night, I miss you

Someone is gonna take my heart, no-one is gonna break my heart again

I used to be a king  
And everything around me turned to rust  
It's cos I built my life on sand  
And I watched it crumble in the dust

Yeah but it's alright, I'm okay, I want to know how you are  
For what it's worth I must say I loved you as you are  
In my bed where are you

Someone is gonna take my heart, no-one is gonna break my heart again  
Someone is gonna take my heart, no-one is gonna break my heart again

I used to be a king  
But everything around me turned around  
But I know all I have to do is sing  
And I'll lift myself way off the ground

Yeah, but it's alright, I'm okay, how are you  
For what it's worth I must say I love you  
And in my bed late at night God how I miss you

Someone is gonna take my heart, no-one is gonna break my heart again
