This is me  
Can you take another look  
Did I see you looking blindly at your book  
Is it all that you thought, that you thought it took  
Can it be taken, taken at all  
Were you looking for signs along the way  
Can you see by your lonely light of day  
Is this road really the only way  
Can this road be taken, taken at all  
We lost it on the highway  
Down the dotted line  
You were going your way  
I was going mine  
We lost it on the highway  
Things are out of sight  
You were going your way  
Trying to make a light along the way  
Can you see by your lonely light of day  
Is this road really the only way  
Can this road be taken, taken at all  
Can this road be taken, taken at all
