

Crosby, Stills & Nash, For What It's Worth

There's something happening here
What it is ain't exactly clear
There's a man with a gun over there
Telling me I've got to beware

Think it's time we stop
Hey, what's that sound
Everybody look what's going down

There's battle lines being drawn again
Nobody's right if everybody's wrong again
Young people speaking their minds once again
So much resistance from behind

Think it's time we stop
Hey, what's that sound
Everybody look what's going down

What a field day for the heat
A thousand people standing in the street
Singing songs and carrying the signs, oh no
They mostly say "hooray for our side"

We've got to stop
Hey, what's that sound
Everybody look what's going down

Paranoia strikes deep
Into your life it will creep
It starts when you're always afraid
Step outta line the men come and shoot you down

Think it's time we stop
Hey, what's that sound
Hey, hey, hey we've got to stop and take a look around
No, no, yeah stop, hey, what's that sound hey, hey, hey
We've got to stop and take a look around

Think it's time we stop
Hey, what's that sound
Look what's going down yeah, yeah, yeah
