

# Crosby, Stills & Nash, Haven't We Lost Enough

I was with you you were alone  
Now I'm standing here  
Wisdom came only after you'd gone  
So I'm starting all over with a tear in my eye  
I just never thought that you'd disappear

In the night your image arises  
Close behind comes the pain  
I hope I'm dreaming 'cos it hurts so bad  
When I reach out for you I'm alone in some room  
I just never thought that you'd disappear

I still love you  
Like a child wasn't I good enough?  
I still want you  
Drives me wild  
Haven't we had it rough?  
Haven't we lost enough?

Time heals all so they say I don't know  
Sometimes nothing is clear  
Maybe someday I'll understand  
But I know for a start there's a place in my heart  
That is yours and it won't disappear

I still love you  
Like a child wasn't I good enough?  
I still want you  
Drives me wild  
Haven't we had it rough?

I still love you  
Like a child wasn't I good enough?  
I still want you  
Drives me wild  
Haven't we had it rough?  
Haven't we lost enough?
