

Crossfade, Anchor

She waits down the hall,
For daddy to bring her out,
She cries,
She cries,
She dies,
A little each day
Yeah, yeah.

Now she's opened her eyes
And she don't know why
She's been taken

And I'm losing more,
Than I had to give,
Yeah.
I'm sinking faster now,
With Anchor of sin,
Yeah.

I'm old and I'm faded,
To a world of my own,
I'm dying alone without you
I guess I'll carry on.

Now she's opened her eyes
And she don't know why
She's been taken

I'm losing more,
Than I had to give,
Yeah.
I'm sinking faster now,
With Anchor of sin,
Yeah.

Now I can't open my eyes,
When I'm living.
Now I can open open my eyes
When I'm living.
