

# Crossfade, Invincible

I memorized all the words for you  
But if you only knew  
How much that's just not like me  
I wait up late every night  
Just to hear your voice  
But you don't know that's nothing like me

You know I wonder how you already figured out  
All these things that I try to hide  
All this time i've been hoping you don't find out  
All these things that I hide on the inside

I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me

I want to make sure everything is perfect for you  
If you only knew  
That's not like me to follow through  
Maybe even give up all these dead end dreams  
Just to be with you  
But you don't know that's nothing like me

Hey yeah I wonder how you already figured out  
All these things that I try to hide  
All this time i've been hoping you don't find out  
All these things that I hide on the inside

I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me

Now I'm waking up  
I've finally had enough of this wreck of a lifetime  
I never thought I'd survive it  
Now I'm taking back  
All I gave up for that  
Leave my pain behind  
Wash these stains from my life

Just when I thought all was lost  
You came and made it all okay

I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me

I canit be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me

I memorized all the words for you  
If you only knew  
How much that's just not like me
