

# Crowbar, Glass Full Of Liquid Pain

I saw your future  
Die in your hands  
Glass full of liquid pain  
Understand  
Don't you buy everything  
They try to sell you?  
I've gone there again and again.  
Find yourself gazing into the sun  
New age of quarrel becoming one  
Just know the light you see  
Leads to eternity  
I've gone there  
Again and again  
Just know the light  
You see leads to eternity  
I'll be there again and again
