

# Crowbar, Wrath Of Time Be Judgement

Looking at me smothering you  
Destroying all  
Looking at me punishing you  
Destroying it  
Pushing you down  
Pulling you down  
I crushing all  
Pushing you down  
Pulling you down  
I dragging you under

Your time is coming sooner than you will ever know  
How does it feel to be so far below?

I know you never thought that I would rise again  
Just know I stronger than youl ever be
