

# Crowded House, My Telly's Gone Bung

My telly's gone bung  
What am I to do about the ABC  
My telly's gone bung  
What am I to do about my predicament  
My telly's gone bung  
I plugged it in and it turned me off again

I've waited up for you  
To come alive and bring some truth back to me yeah  
Cos I'm where I wanna be in front of my TV

My telly's gone bung  
What am I to do about Kylie & Jason now  
My telly's gone bung  
I don't really care for their predicament

I've waited up for you  
To come alive and bring some truth back to me yeah  
Cos I'm where I wanna be in front of my TV

If it was up to me  
I'd let these people see  
What people do  
I've been watching you too

I've waited up for you  
To come alive and bring some truth back to me yeah  
Cos I'm where I wanna be in front of my TV

If it was up to me  
I would let these lovely people see  
If it was up to me  
If it was up to me  
If it was up to me  
If it was up to me  
If it was up to me
