

Crowded House, Weather With You

Walking round the room singing stormy weather
A fifty seven Mt. Pleasant St.
Now its the same room but everythings different
You can fight the sleep but not the dream
Things aint cookin in my kitchen
Strange aff liction wash over me
Julius Caesar and the Roman Empire
Couldn't conquer the blue sky
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
the weather , the weather with you
Theres a small boat made of china
It's Going nowhere on the mantle piece
Do I lie like a loungeroom lizard
Or do I sing like a bird released
Chorus:
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Take the weather , the weather with you
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Take the weather , the weather with you
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Everywhere you go you always take the weather with you
Everywhere you go you always take the weather
Take the weather , the weather with you
