

Crucified, Confidence

we've gotta move on
just livin' our lives for Jesus Christ
I know it's hard to be strong
but just have faith. he'll keep us in the fight

and he
said he'd never leave us
or forsake us
he told me so
he's in control, and soon he'll take us home

stick together, look ahead
no matter how hard it gets
just think back to yesterday
you're still alive it didn't get you yet

he's in control
don't be afraid
he said he'd never leave
or forsake us

(repeat first verse)

that's confidence my friend
