

Crucified, Crucified With Christ

my life was in the dark
disgusted with the light
when I heard my sin
it made me want to fight
I hated those who loved him
yet they loved me back
I was in a corner
I ran but could not hide

crucified with Christ

dying to myself
giving up control
killing the old man
rejuvenate my soul

crucified with Christ

not my life
Christ lives in me
the life I live
I live for his glory

(repeat second set of words)
