

Crucified, Your Image

The blind are dead
They don't see
They don't listen to reality
Walking in shadows
Which blind their sight
They live in darkness, without any light
Laugh at us, spit at us
When Jesus walked the earth
He suffered the same
The bible says we should be
Crucified with Christ
And in the end we receive our gift
Eternal life
When you wake up in hell
Ask yourself
Was your image worth it?
Are you proud of yourself?
You had a chance to receive
To be a believer but
You turned your back on God
To be a crowd pleaser
You!
Walk around
Oh so, secure
But always in the end
It's just a stupid trip
You gotta keep that image
Gotta fit in
Playing up your image
It's an image of sin
Can't you see what I'm saying to you?
Jesus Christ has taken me
And made me new
I no longer have the shadows
Which blind my sight
I resolve
To walk in the light
