

# Crumb, Love

I go to your house  
i kiss you on your blouse  
don't you know by now  
its the same thing always right  
wake the morning wake the night  
dont you know by now

stay down, it'll be awhile  
stay down, it'll make you  
stay down, stay down

Girl that I can't wait to see  
Goddess of hyperactivity  
Don't you know by now  
Shed the things that make you smile  
Burn alot stay down awhile  
Don't you know by now

Stay down, it'll be awhile  
Stay down, it'll make you  
Stay down, Stay down

Hey where did you go?  
(Thought that you'd be back boy)
