

# Crush 40, All The Way

Get in my car with four on the floor  
I love to hear the sound  
I can't live without it  
I am fuelled up and ready to roar  
I'm tall and on the rocks  
My heart is aflame

You can see desire in my eyes  
Don't cool me down

Give me chills, give me thrills  
Taking the first place  
Nothing's gonna bring me down  
Go for it all to get the prize  
Hold on 'til the end  
'Cause I'm taking it all the way

Feel the power that's shaking my wheels  
I feel inside my soul  
It's crawling in my veins  
It's been a long road to the top  
I'll come out on the top  
Against all the odds

I am gonna throw out all the stops  
Let's hit the road

Give me chills, give me thrills  
Taking the first place  
Nothing's gonna bring me down  
Go for it all to get the prize  
Hold on 'til the end  
'Cause I'm taking it all the way

(solo)

Give me chills, give me thrills  
Taking the first place  
Nothing's gonna bring me down  
Go for it all to get the prize  
Hold on 'til the end  
'Cause I'm taking it all the way

Give me chills, give me thrills  
Taking the first place  
Nothing's gonna bring me down  
Go for it all to get the prize  
Hold on 'til the end  
'Cause I'm taking it all the way

Taking it all the way
